DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

This application is in condition for allowance except for the presence of claims 11-19 to an invention non-elected without traverse. Accordingly, claims 11-19 have been cancelled.

Allowable Subject Matter

Claims 1-4 and 9-10 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the references of the prior art of record fail to teach or suggest the combination of the limitations as set forth in claim 1, specifically a method of introducing mercury bromide into the discharge vessel, that uses a sintered tungsten porous body containing absorbed mercury bromide.

Regarding claims 3-4 and 9-10, claims 3-4 and 9-10 are dependent of base claim 1, which is allowed, therefore the claims are also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
